

FINANCE

MODELING & ANALYTICS

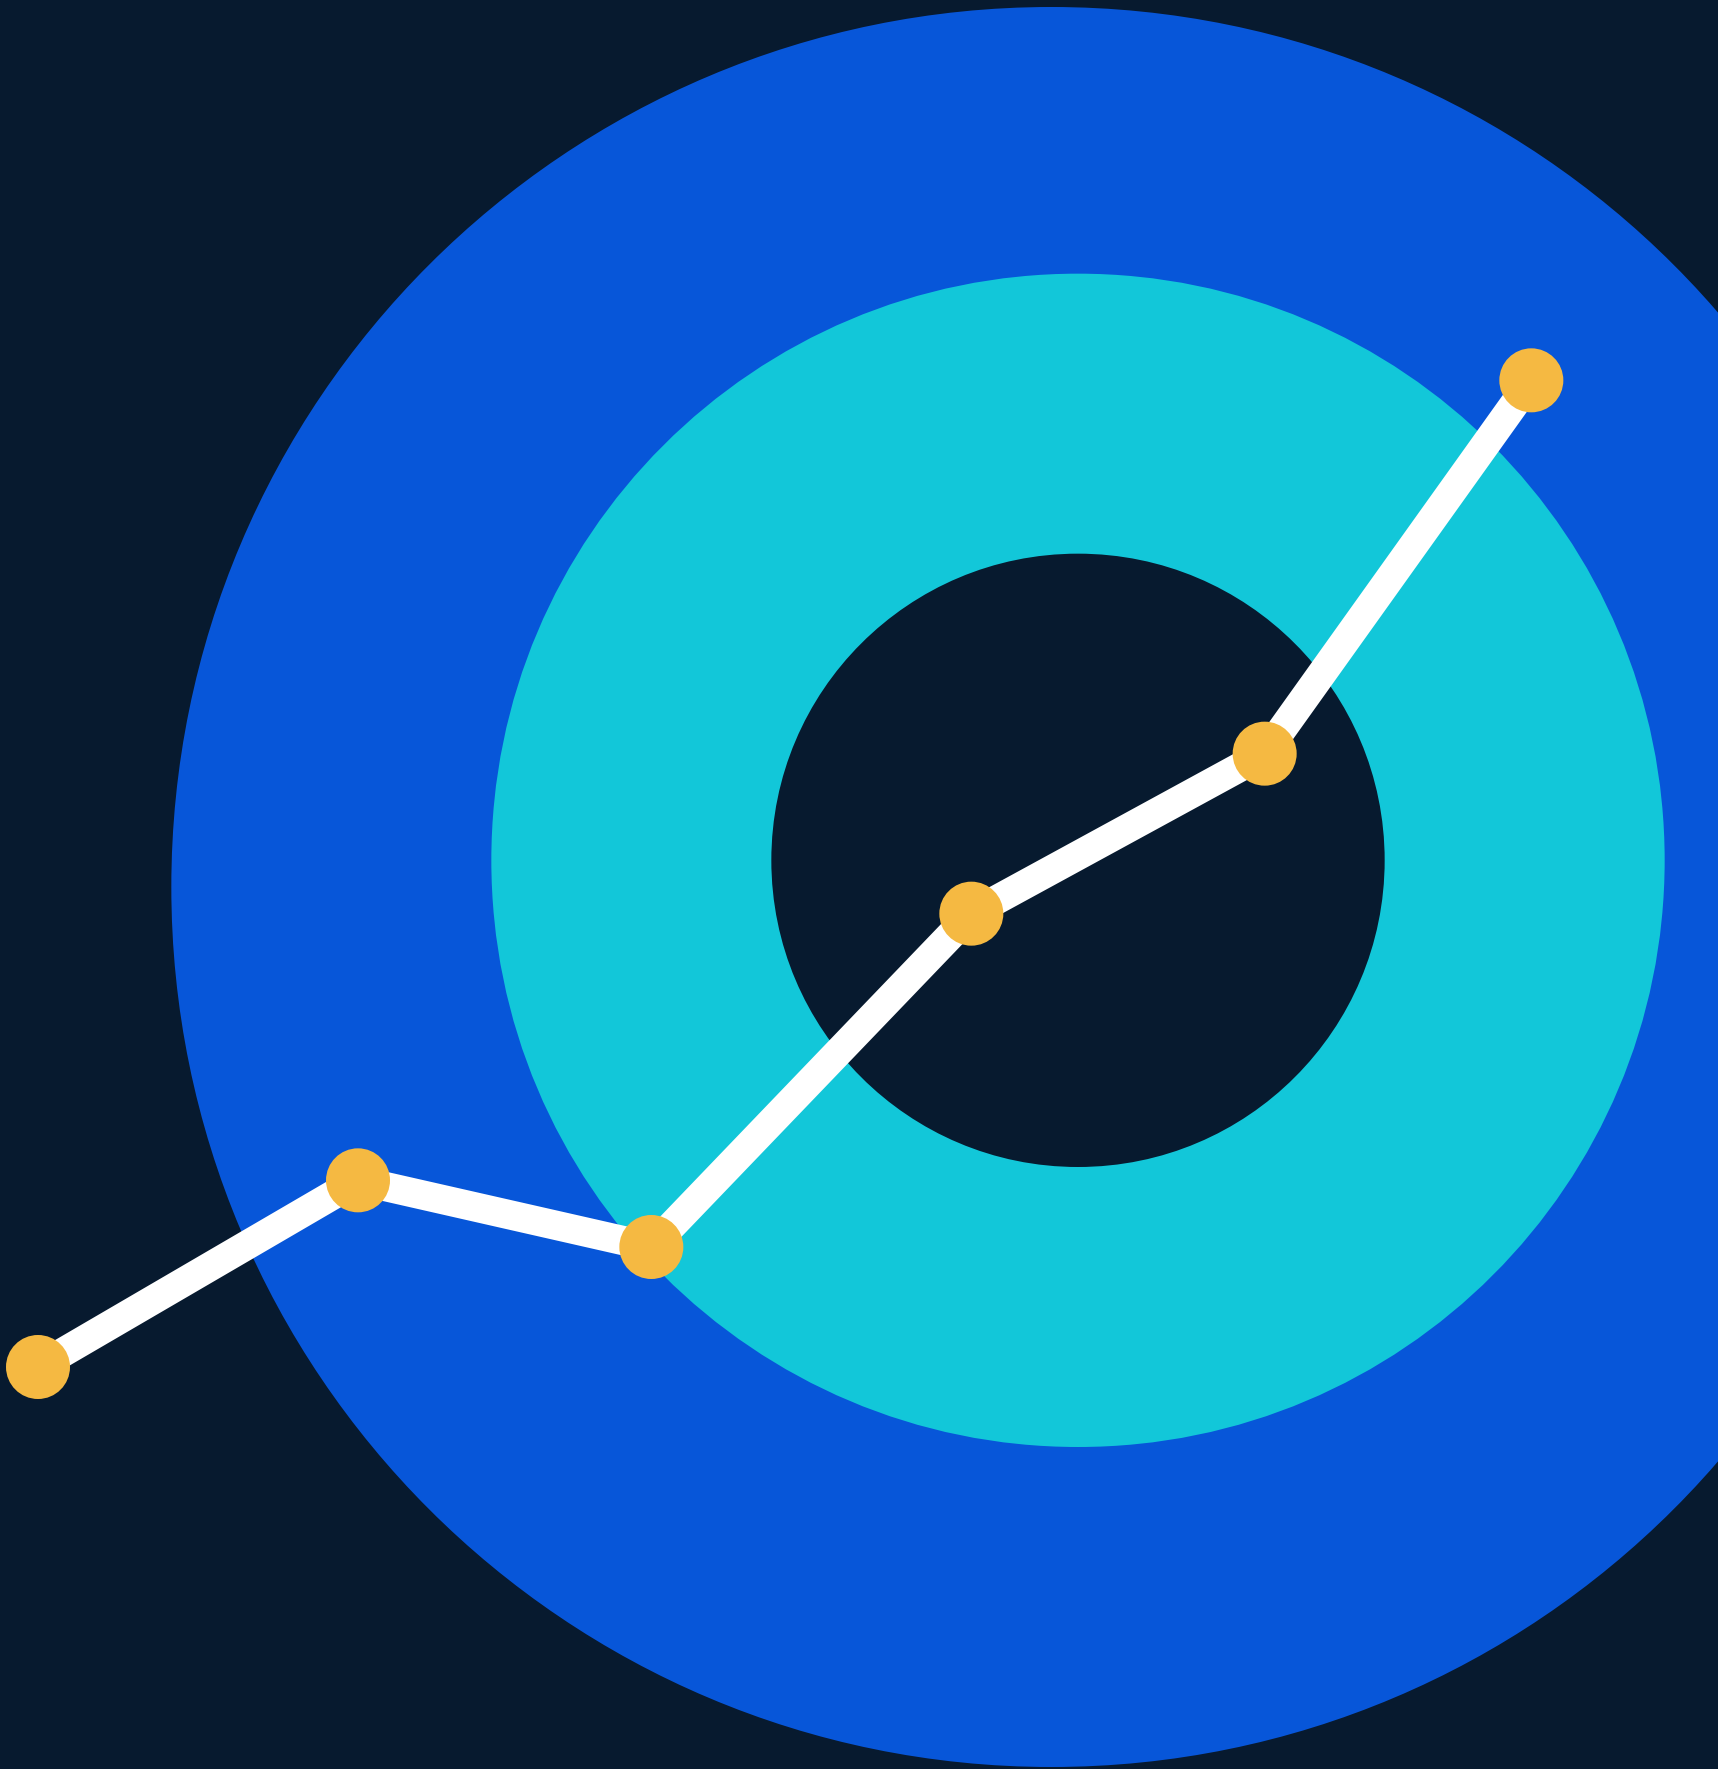

Advanced valuation · FP&A · transactions · risk · fintech · AI

45 SESSIONS

06 CAPSTONES

150+ HIRING PARTNERS

MODEL THE BUSINESS. VALUE THE OPPORTUNITY. INFORM THE DECISION.

BUILT FOR DECISION-READY FINANCE

Edufyi combines rigorous finance fundamentals with modern data workflows, practical models and mentor-led review. Learners build six portfolio-grade projects and defend their assumptions like analysts in the real world.

MENTOR-LED

Live model reviews, feedback and 1:1 guidance.

PROJECT-FIRST

Every module ends in a working decision model.

OUTCOME-FOCUSED

Interview prep, certifications and placement support.

WHY LEARNERS CHOOSE EDUFYI

FLEXIBLE PACE

Self-paced + cohort tracks

LIVE PRACTICE

Mocks, GDs and case interviews

REAL PROJECTS

Industry datasets and capstones

LIFETIME LMS

Recorded lectures and resources

EXPERT MENTORS

MNC leaders and founders

CAREER SUPPORT

Resume, aptitude and placement

CERTIFICATIONS

Wipro DICE + global credentials

24 × 7 SUPPORT

Dedicated learner assistance

WHAT MODERN FINANCIAL MODELING IS

A financial model is a decision system—not a spreadsheet. It connects operating drivers, accounting logic, capital structure and scenarios into an auditable view of value, cash and risk.

THE MODEL-TO-DECISION LIFECYCLE

FRAME

Question, scope, horizon

SOURCE

Clean, reconcile, document

BUILD

Drivers, schedules, statements

TEST

Checks, scenarios, stress

COMMUNICATE

Dashboard, memo, recommendation

ROLES THIS TRACK PREPARES YOU FOR

FP&A ANALYST

Planning · variance · dashboards

VALUATION ANALYST

DCF · comps · research

INVESTMENT BANKING

Pitchbooks · transactions · models

CREDIT & RISK

Underwriting · stress tests

CORPORATE FINANCE

Capital allocation · treasury

FINANCE DATA ANALYST

SQL · Power BI · automation

FROM SPREADSHEET TO STRATEGY

01

FOUNDATION

Excel · accounting · data hygiene

02

CORE MODELING

Statements · schedules · forecasts

03

VALUATION

DCF · comps · transactions

04

DECISION SCIENCE

Scenarios · risk · optimisation

05

PORTFOLIO

Six capstones · review · demo day

45-SESSION ADVANCED ROADMAP

01 MODEL FOUNDATIONS

S 01-08 Excel architecture · controls

02 STATEMENT MODEL

S 09-16 3-statement integration

03 VALUATION

S 17-25 DCF · comps · precedents

04 TRANSACTIONS

S 26-32 M&A · LBO · accretion

05 PLANNING & RISK

S 33-39 FP&A · scenarios · Monte Carlo

06 FINTECH & AI

S 40-45 Python · automation · GenAI

MODEL FOUNDATIONS & CONTROLS

S 01-03 EXCEL ENGINE

Dynamic arrays · XLOOKUP · INDEX/MATCH Power Query · structured references

S 04-05 MODEL DESIGN

Inputs / calculations / outputs Timeline discipline · sign convention

S 06-08 ACCOUNTING

Accruals · working capital Revenue recognition · cash conversion

LAB / AUDIT-READY OPERATING MODEL

Outcome: a clean, documented workbook with checks, scenarios and an executive summary.

INTEGRATED STATEMENTS & FORECASTING

REVENUE BUILD

Price × volume × mix; cohorts and seasonality

COST ENGINE

Fixed / variable costs; headcount and capacity

SCHEDULES

Working capital; debt; PPE and depreciation

3-STATEMENT LINK

P&L, balance sheet and cash flow integrity

FORECAST METHODS

Driver-based; run-rate; regression; consensus

MODEL QA

Balance checks; circularity; error flags

VALUATION & CAPITAL MARKETS

DCF

FCFF / FCFE · terminal value · mid-year convention

TRADING COMPS

Peer set · normalisation · EV bridges

PRECEDENT DEALS

Control premium · cycle context

COST OF CAPITAL

CAPM · beta · WACC · country risk

EQUITY BRIDGE

Net debt · leases · minorities · options

SENSITIVITY

Value ranges across key assumptions

TRANSACTIONS & DEAL MODELING

M&A MODEL

Purchase price · financing · synergies

ACCRETION / DILUTION

EPS impact · break-even synergies

LBO MODEL

Sources & uses · debt waterfall · IRR / MOIC

CREDIT MODEL

Debt capacity · covenants · downside case

PROJECT FINANCE

DSCR · sculpting · concession cash flows

REAL OPTIONS

Stage-gates · optionality · decision trees

FP&A, RISK & DECISION INTELLIGENCE

ANNUAL PLAN

Operating plan and integrated budget

ROLLING FORECAST

Reforecast cadence and driver updates

VARIANCE BRIDGE

Price · volume · mix · FX explanations

SCENARIO DESIGN

Base / upside / downside with triggers

MONTE CARLO

Distributions, correlations and value-at-risk

DASHBOARDING

KPI trees, executive narrative and actions

ADVANCED FINANCE SPECIALISATIONS

FINTECH

Payments economics · lending unit economics · fraud

ESG & CLIMATE

Scenario analysis · carbon pricing · transition risk

STARTUP FINANCE

Cohorts · runway · CAC / LTV · venture returns

BANKING

NIM · credit loss · capital adequacy

REAL ESTATE

NOI · cap rates · development waterfall

TREASURY

Liquidity · hedging · FX and interest-rate risk

FINANCE AUTOMATION, DATA & AI

POWER QUERY

Repeatable ingestion and transformation

POWER BI

Semantic models and decision dashboards

SQL

Extract, join and validate financial data

PYTHON

Forecasting, simulation and automation

GENAI COPILOTS

Research synthesis and model documentation

GOVERNANCE

Human review, provenance and audit trail

SIX INDUSTRY CAPSTONES

01 SAAS OPERATING MODEL

Cohorts · ARR · retention

02 LISTED-COMPANY VALUATION

3 statements · DCF · comps

03 M&A DECISION MODEL

Synergy · financing · EPS

04 LBO INVESTMENT CASE

Debt waterfall · exit returns

05 FP&A COMMAND CENTRE

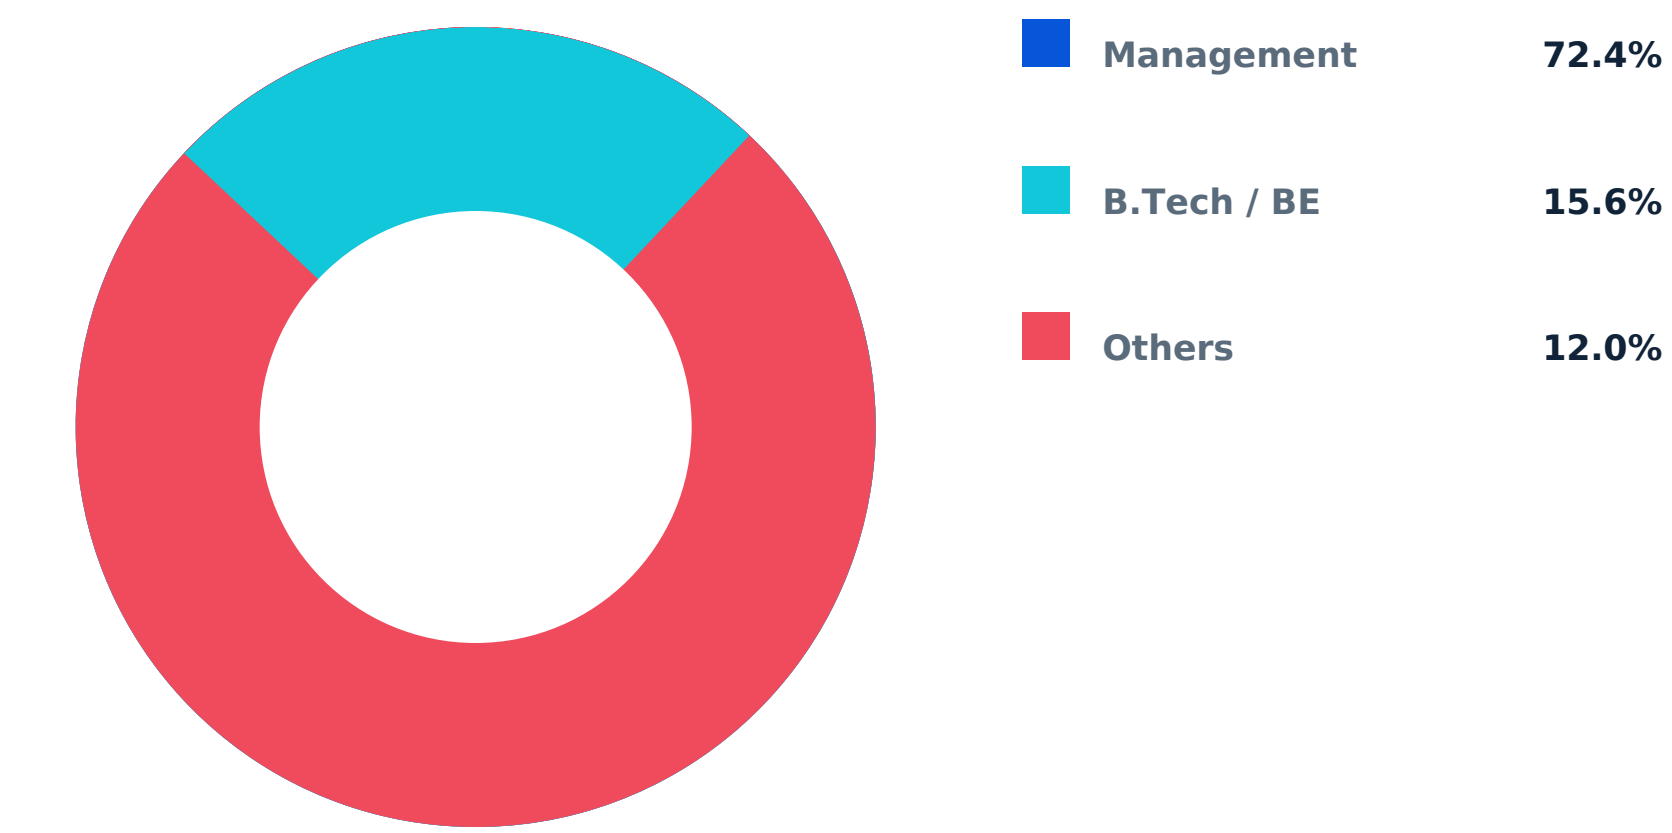

Plan · forecast · variance

06 FINTECH RISK ENGINE

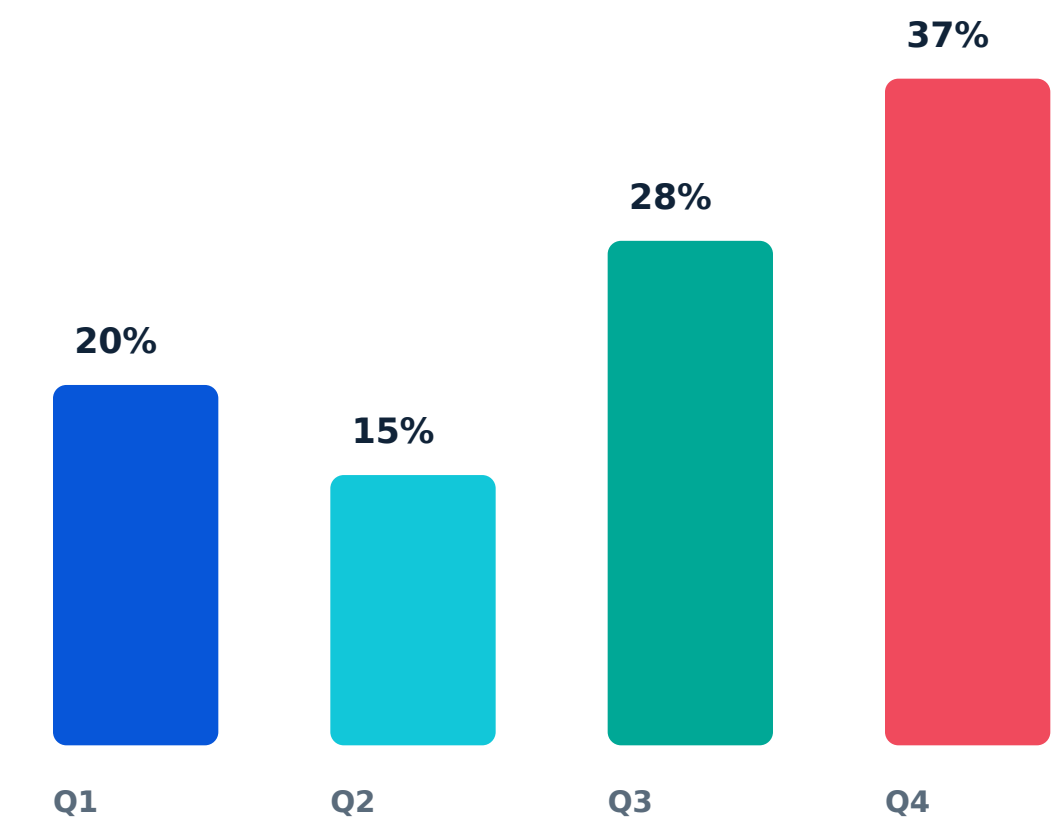

Credit score · scenarios · dashboard

WHO LEARNS—AND WHERE THEY GO

LEARNER BACKGROUND

QUARTERLY PLACEMENTS

EVIDENCE, NOT EMPTY CLAIMS

6 PORTFOLIO BUILDS

Decision-ready models with review notes

MODEL DEFENCE

Present assumptions, risks and recommendation

INTERVIEW READINESS

Technical tests, cases, mocks and GDs

CREDENTIAL STACK

Internship, training, project and MNC certificates

CAREER ASSETS

Resume bullets, project stories and portfolio

MENTOR DEBRIEF

Individual feedback and next-step plan

ACCREDITED CERTIFICATIONS

Every learner receives verifiable credentials for internship, industrial training and capstone completion.

INTERNSHIP

Verified internship completion

INDUSTRIAL TRAINING

Certified training hours

PROJECT COMPLETION

Capstone delivery credential

PROFESSIONAL MNC CERTIFICATIONS

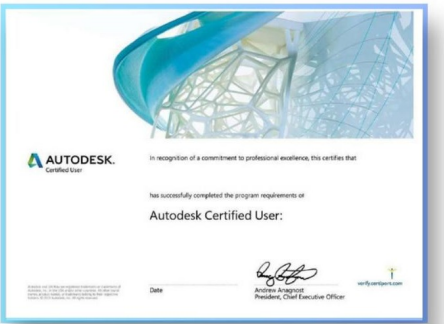

CISCO
Cybersecurity CCST

MICROSOFT
Azure Fundamentals

IBM
Internet of Things

AUTODESK
Certified User
